

CONTRIBUTION OF SECURITIES

Thank you for your interest in making a gift of stock to The Wilderness Society. To facilitate electronic transfer, receipt and proper acknowledgement of your gift to our account at PNC Bank, please provide your broker with these instructions and complete the gift details section on the bottom of this form.

It is very important that you or your broker provide your gift information. Stock is very often received by our broker without the donor's identity included so completion of the gift details will help us to identify your gift and process your acknowledgement quickly. We've provided this form to make it easier for you, please complete the form and fax, email or deliver it to us.
